Office Of The State Engineer  
Salt Lake City, Utah  
ATTN: Mr. Frank Reese

Dear Mr. Reese:

Am enclosing First Security Bank Draft for our 1966 water assesment for the Little Bear. It is for the account 11A, as you see by the statement. The reason I am forwarding it to you is that we have been paying statements of various numbers, although we only have one assesment under the Little Bear.

We have received them under 14B, 11A, 13B, and yearly have paid \$2.00, now jumped to \$5.00. I find most of the old statements I have were 11A.

Mr. Fred Summers advised me to write you, also I believe Mr. Marion Olsen is having this investigated.

Will you please have this \$5.00 ccredited to us at once, so we may not be delinquent, and we would appreciate what you can do in getting this book work straight so we do not receive two statements per year, one of them always marked delinquent.

Sincerely,

Clifford O Bray
